

1 General Characteristics

1.1	General.....
1.2	Abbreviations.....
1.3	Missions of the submarine.....
1.4	Scorpene submarine characteristics.....
1.5	Immersion.....
1.6	Mobility performances.....
1.7	Endurance.....
1.8	Manoeuvrability.....
1.9	Typical mission.....
1.10	Combat system.....
1.11	Hoistable masts.....
1.12	Invulnerability.....
1.13	Complement.....
1.14	General Safety Organization.....
1.15	Systems control and monitoring.....
1.16	Organization of operational rooms.....

This document is part of the P75 Contract between MAZAGG & BOCK LIMITED and THALES. All Intellectual Property Rights are governed by the Article 10 of such Contract.

1.17	Rate of activity - reliability - servicing - maintenance.....
1.18	Environmental conditions.....
1.19	Appendix 1: Submarine weight control.....
1.20	Appendix 2: Tentative weight balance and stability.....
1.21	Appendix 3: Manoeuvrability simulations.....
1.22	Appendix 4: Gyration diameter on surface.....
1.23	Appendix 5: Radiated noise reduction.....
1.24	Appendix 6: PIPE technology.....
1.25	Appendix 7: Shock plan.....
1.26	Appendix 8: Rules and regulations
1.27	Appendix 9: Materials and technologies.....
1.28	Appendix 10: Acoustic discretion additional data.....

This document is part of the P75 Contract between MAZAGG & BOCK LIMITED and THALES. All Intellectual Property Rights are governed by the Article 10 of such Contract.
